

## Certificate for Interventional Psychiatry - Application form for recertification

*Theoretical and practical performance must be demonstrated. According to SIWF regulations under point 7, the following conditions must be met:*

**Theory:** At least 50 credits of specialised theoretical training must be demonstrated. Scientific work in the field of interventional psychiatry can be recognised for a maximum of 16 credits of specialist theoretical training.

**Practice:** Proof of at least 30 indications and 300 treatments on at least 20 different patients (ECT or rTMS) Practical training.

**Title**

**Surname**

**Name**

**FMH membership number**

**GLN number**

**Institution/Practice**

**Address institution/practice**

**Private telephone**

**Business telephone**

**E-Mail Address**

**Member SGIP-SSPI**  **yes**  **no**

**Member SGPP-SSPP**  **yes**  **no**

## Proof of practical experience

### Periods of activity

*It is the responsibility of the holder of the certificate of competence to apply for recertification in good time.*

The certificate of proficiency is valid for 5 years from the date of issue. At the end of this period, the licence must be recertified. Otherwise the licence expires

**Date on which the last valid certificate was issued:** \_\_\_\_\_

At the end of the 6th year after the last certification, the certificate of proficiency expires.

*An interruption in IP activity due to certain reasons (illness, absence abroad, maternity, non-clinical activity, etc.) entitles the holder to extend the training period by the duration of the interruption. The conditions for recertification after more than 6 years are decided in each case by the SGIP-SSPI Continuing Education and Training Committee.*

<b>In which Institution / practice did you work with IP?</b>	<i>EXAMPLE: Clinic Sunshine</i>			
<b>Country</b>	<i>Switzerland</i>			
<b>From</b>	<i>July 2019</i>			
<b>Until</b>	<i>June 2024</i>			
<b>Overall duration</b>	<i>5 Years 0 Months</i>			

Informal description of all extensions: \_\_\_\_\_

*The application for recertification is submitted separately for each method. A certificate is then only issued for the activity carried out. If both methods are to be recertified, a separate application must be submitted for each method.*

**For which method should the re-certificate be issued?**

**rTMS**

**ECT**
